FORWARD-LOOKING STATEMENTS

This Circular contains forward-looking statements. All statements, other than statements of historical fact that address activities, events or developments that we believe, expect or anticipate will or may occur in the future are forward-looking statements. These forward-looking statements reflect our current expectations or beliefs based on information currently available to us. Forward-looking statements in this Circular include, without limitation, statements with respect to: our expectations regarding the estimated costs of the Rights Offering and the net proceeds to be available upon completion; the use of proceeds from the Rights Offering and the availability of funds from sources other than the Rights Offering; and our ability to continue as a going concern.

Forward-looking statements are subject to a number of risks and uncertainties that may cause our actual results to differ materially from those discussed in the forward-looking statements and, even if such actual results are realized or substantially realized, there can be no assurance that they will have the expected consequences to, or effects on, us. Factors that could cause actual results or events to differ materially from current expectations include, among other things, uncertainties relating to the availability and cost of funds; closing the Rights Offering; delays in obtaining or failure to obtain required approvals to complete the Rights Offering; the uncertainty associated with estimating costs to complete the Rights Offering, including those yet to be incurred; and other risks related to our business and the Rights Offering.

Any forward-looking statement speaks only as of the date on which it is made and, except as may be required by applicable securities laws, we disclaim any intent or obligation to update any forward-looking statement, whether as a result of new information, future events or results or otherwise. Although we believe that the assumptions inherent in the forward-looking statements are reasonable, forward-looking statements are not guarantees of future performance and, accordingly, undue reliance should not be put on such statements due to their inherent uncertainty.

USE OF AVAILABLE FUNDS

What will our available funds be upon the closing of the Rights Offering?

As at March 31, 2018 the Company had a working capital deficiency of \$1,313,595. If all of the Rights are exercised, the Company will raise gross proceeds of \$815,533.

As more particularly described below, upon closing the Rights Offering, the Company first intends to reduce its working capital deficiency by approximately \$200,000 with payments against current liabilities, leaving offering proceeds of approximately \$595,533 as available funds, assuming the all of the Rights are exercised and after taking into account the estimated costs of the Rights Offering. We plan to use the available funds to increase the daily oil production in the oil fields operated by WTR and reduce the operating costs of that production, all with a view to increasing monthly cash flows to the Company as a result. We feel the balance of the Company's working capital deficiency is better solved through increased production at lower operating costs, and that this approach moves the Company forward in a more sustainable way.

		Assuming 15% of Rights Offering	Assuming 50% of Rights Offering	Assuming 75% of Rights Offering	Assuming 100% of Rights Offering
A	Amount to be raised by Rights Offering	\$122,329.95	\$407,766	\$611,649	\$815,533
B	Selling commissions and fees	\$0	\$0	\$0	\$0
C	Estimated offering costs (e.g., legal, accounting, audit)	\$20,000	\$20,000	\$20,000	\$20,000
D	Available funds: D = (A – (B+C))	\$102,329.95	\$387,766	\$591,649	\$795,533
E	Additional sources of funding required	\$0	\$0	\$0	\$0
F	Working capital deficiency	\$22,329.95	\$147,766	\$211,649	\$415,533
G	Total: G = (D+E) - F	\$80,000	\$240,000	\$380,000	\$380,000

How will we use the available funds?

We plan to use the available funds from the Rights Offering to increase the daily oil production in the oil fields operated by WTR and reduce the operating cost of that production, all with a view to increasing monthly cash flows to the Company. A relatively small amount of the proceeds are intended to be applied to the existing working capital deficiency, as we feel this deficiency is better solved through increased production and reduced operating costs, as this moves the Company forward in a more sustainable way. The specific use of proceeds is as follows:

The use of available funds is detailed as follows:

Description of intended use of available funds listed in order of priority	Assuming 15% of Rights Offering	Assuming 50% of Rights Offering	Assuming 75% of Rights Offering	Assuming 100% of Rights Offering
Re-commission existing production wells	\$30,000	\$50,000	\$140,000	\$140,000
Commission water disposal facilities	\$50,000	\$160,000	\$210,000	\$210,000
Optimization of existing wells	\$0	\$30,000	\$30,000	\$30,000

General corporate purposes	\$0	\$0	\$0	\$0
Total:	\$80,000	\$240,000	\$380,000	\$380,000

Firstly, WTR plans to reactivate three existing wells at Flaxcombe. Two of the wells were producing in 2017 and require a substantial workover to re-initiate production, while the third well needs a workover and additional capital set-up including tanks. Anticipated production from these three wells are expected to be 50 barrels per day at a budgeted cost of \$140,000 in total.

WTR also plans to recommission the existing water disposal facility at its Riverside property, and add a new, additional water disposal facility at its Flaxcombe property by converting an existing well there. Owning disposal facilities at both locations significantly increases the economics of both projects with water disposal and transportation being the largest full cycle costs. A further revenue stream through the disposal of third party water at the Flaxcombe facility is possible due to its accessible location.

While WTR is currently in production and is generating revenues on a monthly basis, it is still incurring operational losses from its projects as they advance toward generating consistent production. With additional revenues generated from the three additional production wells and the increased economics from the two water disposal wells, we anticipate becoming profitable from operations within the next 12 months.

We intend to spend the available funds as stated. We will reallocate funds only for sound business reasons.

How long will the available funds last?

We expect the Rights Offering will be insufficient to meet our working capital requirements for the 12 months from the date of this Circular. However, it is sufficient to meet our working capital requirements for the Company to complete the proposed work program. The results of that work program will provide additional cash flow on a monthly basis, allowing the Company to fund growth and continuing operations.

INSIDER PARTICIPATION

Will insiders be participating?

The Company believes that its directors who own Common Shares intend to exercise all of their Rights to purchase Units under their Basic Subscription Privilege.

This reflects the intentions of such “insiders” (as defined in applicable Canadian securities legislation) as of the date hereof to the extent such intentions are reasonably known to the Company; however, such insiders may alter their intentions before the Expiry Time on the Expiry Date. No assurance can be given that the respective insiders will exercise their Rights to acquire Units. As at the date hereof, insiders of the Company, own or exercise control or direction over, directly or indirectly, 33,905,900 Common Shares, representing approximately 83.15% of the issued and outstanding Common Shares. In the event that these Shareholders purchase 33,905,900 Units pursuant to the Basic Subscription Privilege, these Shareholders would own an aggregate of 67,811,800 Common Shares.

Who are the holders of 10% or more of our securities before and after the Rights Offering?

To the knowledge of the directors and senior officers of WTR, as at the date hereof, no person or company beneficially owns, directly or indirectly, or controls or directs more than 10% of any class of WTR's voting securities, other than as set out below.

DILUTION

If you do not exercise your Rights, by how much will your security holdings be diluted?

If you wish to retain your current percentage ownership of the Common Shares, you should exercise your Rights and pay the Subscription Price for the Units to which you are entitled under the Basic Subscription Privilege. If you fail to do so, your percentage ownership of the Common Shares will be diluted by approximately 50%.

As an illustration, if you own 1,000,000 Common Shares on the Record Date, fail to exercise your right to purchase 1,000,000 Units under the Rights Offering, and all other Shareholders fully exercise their Basic Subscription Privilege and Additional Subscription Privilege (i.e., the Company issues 40,776,689 Units), your percentage ownership of the issued and outstanding Common Shares will change from 2.45% to 1.22%.

STAND-BY COMMITMENT

There will be no stand-by guarantor in respect of the Rights Offering.

MANAGING DEALER, SOLICITING DEALER, AND UNDERWRITING CONFLICTS

There will be no managing dealer or soliciting dealer in respect of the Rights Offering.

HOW TO EXERCISE THE RIGHTS

How does a security holder that is a registered holder participate in the Rights Offering?

If you are a registered holder of Common Shares, a certificate (the “**Rights Certificate**”) representing the total number of transferable Rights to which you are entitled as of the Record Date has been mailed to you with a copy of the Notice. To exercise the Rights represented by the Rights Certificate, you must complete and deliver the Rights Certificate in accordance with the instructions set out below. Rights not exercised at or prior to 2:00 p.m. (Saskatoon time) on the Expiry Date (the “**Expiry Time**”) will be void and of no value. The method of delivery is at the discretion and risk of the holder of the Rights Certificate and delivery to the Depository will only be effective when actually received by the Depository at its office. See “*Appointment of Depository – Who is the Depository?*” Rights Certificates and payments received after the Expiry Time will not be accepted.

In order to exercise your Rights you must:

1. **Complete and sign Form 1 on the Rights Certificate.** The maximum number of Rights that you may exercise under the Basic Subscription Privilege is shown in the box on the upper right hand corner of the face of the Rights Certificate. If you complete Form 1 so as to exercise some but not all of the Rights evidenced by the Rights Certificate, you will be deemed to have waived the unexercised balance of such Rights, unless you otherwise specifically advise the Depository at the time the Rights Certificate is surrendered to the Depository.
2. **Additional Subscription Privilege.** Complete and sign Form 2 on the Rights Certificate only if you also wish to participate in the Additional Subscription Privilege. See “*How to Exercise the Rights? – What is the Additional Subscription Privilege and how can you exercise this privilege?*”

3. **Enclose payment in Canadian funds by certified cheque, bank draft or money order payable to the order of Alliance Trust Company.** In order to purchase one Unit, you must own one (1) Right and pay a price of \$0.02 per Unit. In addition to the amount payable for any Units you wish to purchase under the Basic Subscription Privilege, you must also pay the amount required for any Units subscribed for under the Additional Subscription Privilege.
4. **Delivery.** Deliver or mail the completed Rights Certificate and payment in the enclosed return envelope addressed to the Depository so that it is received before the Expiry Time. If you are mailing your documents, registered mail is recommended. Please allow sufficient time to avoid late delivery.

The signature of the Rights Certificate holder must correspond in every particular with the name that appears on the face of the Rights Certificate.

Signatures by a trustee, executor, administrator, guardian, attorney, officer of a company or any person acting in a fiduciary or representative capacity should be accompanied by evidence of authority satisfactory to the Depository. We will determine all questions as to the validity, form, eligibility (including time of receipt) and acceptance of any subscription in our sole discretion. Subscriptions are irrevocable. We reserve the right to reject any subscription if it is not in proper form or if the acceptance thereof or the issuance of Units pursuant thereto could be unlawful. We also reserve the right to waive any defect in respect of any particular subscription. Neither we nor the Depository is under any duty to give any notice of any defect or irregularity in any subscription, nor will we be liable for the failure to give any such notice.

How does a security holder that is not a registered holder participate in the Rights Offering?

You are a beneficial Eligible Holder if you hold your Common Shares through a securities broker or dealer, bank or trust company or other participant (a "**Participant**") in the book-based system administered by CDS Clearing and Depository Services Inc. ("**CDS**"). The total number of Rights to which all beneficial Eligible Holders as of the Record Date are entitled will be issued to CDS and will be deposited with CDS following the Record Date. We expect that each beneficial Eligible Holder will receive a confirmation of the number of Rights issued to it from the applicable Participant in accordance with the practices and procedures of that Participant. CDS will be responsible for establishing and maintaining book-entry accounts for Participants holding Rights.

Neither we nor the Depository will have any liability for (i) the records maintained by CDS or Participants relating to the Rights or the book-entry accounts maintained by them, (ii) maintaining, supervising or reviewing any records relating to such Rights, or (iii) any advice or representations made or given by CDS or Participants with respect to the rules and regulations of CDS or any action to be taken by CDS or Participants.

If you are a beneficial Eligible Holder:

1. to exercise your Rights held through a Participant, you must instruct such Participant to exercise all or a specified number of such Rights, and forward to such Participant, the Subscription Price for each Unit that you wish to subscribe for; and
2. you may subscribe for Additional Units pursuant to the Additional Subscription Privilege by instructing such Participant to exercise the Additional Subscription Privilege in respect of the

number of Additional Units you wish to subscribe for, and forwarding to such Participant the Subscription Price for such Additional Units requested.

Any excess funds will be returned to the applicable Participant for the account of the beneficial holder, without interest or deduction.

Can I combine, exchange or divide my Rights Certificate?

Rights Certificates may be combined, divided or exchanged by delivering such Rights Certificates, accompanied by appropriate instructions or a completed Form 4 on the Rights Certificate, to the office listed under the heading “*Appointment of Depository – Who is the Depository?*”. Rights Certificates must be surrendered for division, combination or exchange by such date as will permit new Rights Certificates to be issued and used by the holder thereof prior to the Expiry Time.

Who is eligible to receive Rights?

The Rights Offering is only being made to Eligible Holders. The Rights are not being offered to persons who are or appear to be, or we have reason to believe are, resident in Ineligible Jurisdictions, nor will we accept subscriptions from any Shareholder or from any transferee of Rights who is or appears to be, or who we have reason to believe is, resident in an Ineligible Jurisdiction. Rights Certificates will not be distributed to any Shareholders whose addresses of record are in any Ineligible Jurisdiction (“**Ineligible Shareholders**”). Rights may not be exercised by or on behalf of an Ineligible Shareholder. CDS Participants may not issue Rights to Ineligible Holders.

Shareholders will be presumed to be resident in the place of their registered address, unless the contrary is shown to our satisfaction. A registered Ineligible Shareholder whose address of record is outside the Eligible Jurisdictions but who holds Common Shares on behalf of a holder who is eligible to participate in the Rights Offering must notify us, in writing, on or before the tenth day prior to the Expiry Date if such beneficial holder wishes to participate in the Rights Offering.

Rights delivered to brokers, dealers or other intermediaries may not be delivered by those intermediaries to beneficial Shareholders who are resident in Ineligible Jurisdictions. Intermediaries receiving Rights that would otherwise be deliverable to Ineligible Shareholder may attempt to sell those Rights for the accounts of such Ineligible Shareholder and should deliver the proceeds of sale to such persons.

What is the Additional Subscription Privilege and how can you exercise this privilege?

A holder of a Rights Certificate who is not an Ineligible Shareholder and who has exercised all the Rights evidenced by such Rights Certificate may subscribe for Additional Units, if available, at the Subscription Price. Additional Units will be allocated from those Units, if any, available as a result of Rights that are unexercised by the Expiry Time. A holder who exercises the Additional Subscription Privilege will receive the lesser of (i) the number of Units that holder subscribes for under the Additional Subscription Privilege, and (ii) the number of Units that is equal to the aggregate number of Units available through unexercised Rights multiplied by the quotient of the number of Rights previously exercised by such holder under the Rights Offering divided by the aggregate number of Rights previously exercised under the Rights Offering by holders of Rights that have subscribed for Units under the Additional Subscription Privilege.

A Rights holder may subscribe for Additional Units by (i) completing Form 2 on the Rights Certificate, and (ii) delivering the Rights Certificate, together with payment for those Additional Units, to the Depository on or before the Expiry Time. If payment for all Additional Units subscribed for pursuant to the Additional Subscription Privilege does not accompany the subscription, the over-subscription will be invalid.

If the Rights Offering is fully subscribed, then the funds included for any over-subscriptions will be returned by us to the relevant Shareholders. If the Rights Offering is not fully subscribed, certificates representing the Common Shares and the Warrants due to Eligible Holders as a result of over-subscriptions will be delivered by us together with the certificates representing such securities due to those Shareholders pursuant to their subscriptions in accordance with the Basic Subscription Privilege. In addition, we will return to any over-subscribing Shareholder within 30 calendar days of the Expiry Date any excess funds paid in respect of an over subscription for Units where the number of Additional Units available to that Shareholder is less than the number of Additional Units subscribed for. No interest will be payable by us in respect of any excess funds returned to Shareholders.

How does a Rights holder sell or transfer Rights?

The Rights will trade on the TSXV under the trading symbol “WTR.RT” until 10:00 a.m. (Saskatoon time) on the Expiry Date. Holders of Rights Certificates not wishing to exercise their Rights may sell or transfer them directly or through their securities broker or dealer at the Shareholder’s expense, subject to any applicable resale restrictions. Rights Certificates will not be registered in the name of an Ineligible Shareholder. Holders of Rights Certificates may elect to exercise only a part of their Rights and dispose of the remainder, or dispose of all of their Rights. Any commission or other fee payable in connection with the exercise or any trade of Rights is the responsibility of the holder of such Rights. Depending on the number of Rights a holder may wish to sell, the commission payable in connection with a sale of Rights could exceed the proceeds received from such sale.

When can you trade securities issuable upon the exercise of your Rights?

The Common Shares underlying the Units issuable upon the exercise of your Rights will be listed on the TSXV under the trading symbol “WTR” and will be available for trading on or about September 28, 2018. The Warrants, when issued, are not expected to be listed on any stock exchange.

Are there restrictions on the resale of securities?

The Rights and Units issuable upon exercise of Rights distributed to Shareholders in the Eligible Jurisdictions may be resold without hold period restrictions under applicable securities laws of the Eligible Jurisdictions provided that: (i) the sale is not by a “control person” of WTR; (ii) no unusual effort is made to prepare the market or create a demand for the securities being resold; (iii) no extraordinary commission or consideration is paid to a person or company in respect of the resale; and (iv) if the selling security holder is an insider or officer of WTR, the selling security holder has no reasonable grounds to believe that WTR is in default of securities legislation.

The Rights and Units issuable upon the exercise thereof may not be offered, sold, pledged or transferred, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. Person.

APPOINTMENT OF DEPOSITORY

Who is the Depository?

Alliance Trust Company is the depository for the Rights Offering. The Depository has been appointed to receive subscriptions and payments from holders of Rights and to perform the services relating to the exercise and transfer of the Rights.
